### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claims patentably define over the prior art on the basis of the showing of unexpected results over the prior art enzyme treatment made in the Lonsky and Negri Declaration received on Nov. 19, 2003. Additionally, the present claims are patentably distinct over the invention claimed in application SN 09/942,468, now Patent 6,635,146, on the basis of that the present claims require crosslinking of the aldehyde group with a crosslinking agent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter Chin whose telephone number is (571) 272-1186. The examiner can normally be reached on Monday through Friday.
